Summer BBQ

Thank You

ONE2ANOTHER would like to thank all the people who made the Summer BBQ a big success. This includes each and every person that attended, each volunteer that gave their time, each visitor, each supporter, and of course all the children and teens. We also would like to thank all the local businesses that have donated gift certificates and items for our raffle baskets and kids raffle. A big shout-out to First United Methodist Church, allowing us the space to have an incredible end of the summer celebration. With 230 attendees total (over 100 of them kids and youth) this was absolutely an event we won't soon forget.

The BBQ event planning team is always looking for new ideas and fresh faces to add to the team. If you would like to be involved in next year's planning please contact O2A.

Fall Activities

Fall is a great time for family activities. Here are a few ideas to get started on the way to making lasting memories.

Apple picking. Find a local orchard and pick some fun! Learn to make cider at the farm or take the apples home to bake a pie.

Harvest Party. This season you can find many opportunities to mingle with the community. Several local organizations hold a Harvest Party during this season. (Some can include games, prizes, food and best of all FUN!)

Nature Scavenger Hunt. Here is a great way for the family to work together and not cost any money. Make a list of things to find and then go searching.

For an added twist. Each family member makes a list and then a different person gets to find the items. Or you could work as a team to find each person's list.

There are many other options for families to spend time together this season as well. These are just a few ideas that can be fun and provide a learning experience at the same time.
